NATURE'S SIMPLEST SAGA

*Where nature takes its course,
and whispers a soft lullaby.*

*Where grass gently brushes your feet,
and pronounces victory.*

*Where serenity is the only reality
and nirvana is unwavering.*

*Where art and inspiration are potted,
and innovation sprouts a discovery soiled in ambiguity,
and a canvas painted lush green.*

*Where the beauty of creation is restored,
and home feels like a meadow.*

*Earthy tones that are at the heart of nature,
and imprints of fantasy that captivate.*

*Where novelty runs through your veins,
and desires resurrect leisure, solace and regeneration.*

This is the courtyard.

SHADES, SURFACES AND TEXTURES OF NATURE

Designed exclusively for
'SPACERA' and 'LUMIERA' dealers' segments.

The Courtyard Collection is a phenomenal amalgamation of attractive surfaces that translates the beauty of the elements of nature into its full glory through mesmerizing shades, surfaces, and textures. This collection is curated to express the unparalleled architectural vision by allowing design freedom through its contemporary and classy charm.

TAKING CARE MADE SIMPLE

We are always concerned about our grandparents getting injured from slipping on wet and algae-ridden floors. At Simpolo, we have created a special kind of matt finish that has anti-slip and anti-algae properties, which will protect your grandma and grandpa from slipping on wet areas! We are delighted to introduce the 'Protect' surface, developed primarily to save senior citizens from falling and getting injured due to wet floors and algae build-ups.

Along with the materials like water, oil, grease, etc. we have also taken care of the elements created by the environmental conditions, like algae, which makes the surface slippery. 'Protect' surface stops the formation and development of the algae and makes it an anti-algae surface. These qualities of the 'Protect' surface make it an anti-skid in the true sense.

*Refer to the certificates on page no. 58

PROTECT SURFACE

To minimize the roughness created by the cliffs, we apply the unique micro protect-particles that cover the deep valleys creating the smoothest anti-skid surface without affecting the cliffs.

↑ FULL BODY TILES

TRADITIONAL ANTI-SKID SURFACE

When we observe the regular anti-skid surface under a microscope, we notice higher cliffs that create valleys making the surface rough, unpleasant to touch, and difficult to clean and maintain.

iM⁺

iM⁺ TECHNOLOGY 

TOWARDS A BETTER YOU

While our control over the happenings in the world outside is quite limited, we must surely take onus of safety within our own happy place. Today, one's safety, health and wellness are amongst the greatest concerns globally, and this has given us an opportunity to innovate, and to come up with unique solutions that either eliminate or lessen the challenges we face each day.

Utilizing our latest production systems, we introduce you to a technology that removes uncertainties or doubts involving safety within your home - 'iM+ Technology'. The technology helps the product surface repel any liquid and does not allow unwanted or harmful living organisms to stay or grow. This water repellent and anti-bacterial surface created with 'iM+' requires the lowest maintenance efforts, keeping you from second-guessing your safety indoors.

With the tiles of the 'Courtyard Collection' at your home, you won't be worrying about your toddler getting a bacterial infection or your grandparents slipping on the wet floors as the surfaces of 'Courtyard' are antibacterial and anti-skid.

COURTYARD
**GARDEN
 COLLECTION**

The Garden Collection seeks inspiration from the serene ambience and beautiful hues found in a garden. Inspired by the pebbled walkway and varied shades of green fern, this collection offers six colors in two surfaces and two textures in 598x1198mm and 598x598mm sizes.

**SOIL
COLLECTION**

The many layers of soil evoke beauty in their own unique ways through their appearance which is incorporated into the surfaces of the Soil Collection. These incredible surfaces express the nuances of soil through their seven shades, two surfaces, and two textures in the sizes of 598x1198mm and 598x598mm.

SCANNED CERTIFICATES

Anti-Algae

The Protect tiles have certified antimicrobial surfaces and properties that resist algae attack keeping your wet spaces algae-free and hygienic.

Anti-Algae

Anti-Fungal

The Protect surfaces are ascribed for discouraging fungal growths like mold and mildew with properties that act as an inoculation against fungal spreads.

Anti-Fungal

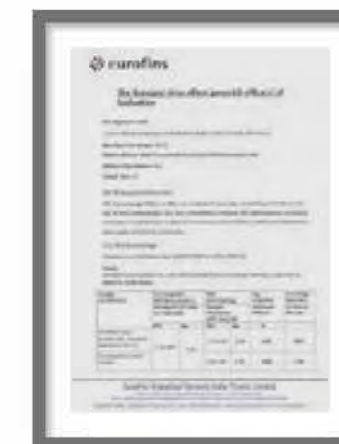

Anti-Bacterial

The surfaces of the collection are anti-bacterial certified which resists bacterial growth and assists in its reduction.

Anti-Viral
