## INSTALLATION AND MAINTENANCE

Tiles can be installed using standard installation methods. ■ Use high quality adhesive and grout from a manufacturer such as Mapei, following manufacturer's recommendations and depending on conditions. ■ It is recommended that you lay the 30x120 cm and 60x120 cm formats side by side or offset by 2/3. Laying in a 50% staggered configuration is not advised. ■ As soon as the joints have fully set, it is advisable to proceed to the initial post-construction cleaning as described by the manufacturer.
