VALUES	≤ 0,10%	RESISTANT	CORDA, PERLA, ARGENTO: V AVIO, TABACCO: IV	GA	CLASS 5	R10	>0,42

INSTALLATION AND MAINTENANCE

It is suggested to lay tiles in the direction of the pattern (see also arrow on the back of the tile) with a joint of 2-3 mm. ■ Use high quality adhesive and grout from a manufacturer such as Mapei, following manufacturer's recommendations and depending on site conditions. ■ It is recommended that you lay the 10x60 cm rectangular formats side by side or offset by 2/3. Laying in a 50% staggered configuration is not advised. ■ As soon as the joints have fully set, it is advisable to proceed to the initial post-construction cleaning as described by the manufacturer. ■ Daily maintenance can be performed with a neutral detergent.
