## FULL BODY PORCELAIN STONEWARE

## MAXFINE MARMI

### COLORS

### DESCRIPTION

*MaxFine Marmi* is a full body porcelain stoneware made in Italy with a unique cutting edge technology. It's the only product to provide such a large size with reduced thickness (6 mm) and a fully polished surface. Resistant, *MaxFine Marmi* is also of an incredible aesthetic quality, reproducing in an impressive manner the rich and delicate natural stone appearance. Each *MaxFine Marmi* slab is available in four pattern variations (random); for 75x75 cm tiles, the number of different patterns thus switches to around thirty. It is also possible to create a *bookmatch* effect using *Block A* and *Block B* slabs. Available for colors Arabescato, Calacatta, Statuario Bianco Venato Extra, Super White and White Calacatta, these slabs each present the exact same pattern, *Block B* being the mirror of *Block A*.

### INSTALLATION AND MAINTENANCE

It is suggested to lay tiles with a joint of 2 mm. ■ Use high quality adhesive and grout from a manufacturer such as Mapei, following manufacturer's recommendations and depending on site conditions. ■ Consult *Thin-Body Porcelain Tile Reference Guides RGT0112F* and *RGT0113* by Mapei. ■ As soon as the joints have fully set, it is advisable to proceed to the initial post-construction cleaning as described by the manufacturer. For white and light-colored tiles, use white mortar. ■ Daily maintenance can be performed with a neutral detergent.
